# Welcome!

Today's Covid-19 pandemic suddenly launched to the forefront individuals in public health, acute medical care, and disease research. Through their unique diligence, skill, and leadership, world citizens will emerge more secure sometime in the coming year. The spotlight will then turn into other issues and individuals. But in the background, those in public health, medical care, research will continue to serve humanity through their less visible but no less essential service.

The 2020 Humanitarian Health Conference Virtual Event embraces public safety while also providing precious opportunities. *Equip. Connect. Go!* is our theme, and our hearty wish is that you increase your skills, refresher your spirits, and connect with like-hearted individuals and organizations as you aid humanity.

Nicholas Comninellis, MD, MPH, DIMPH  
 President, Institute for International Medicine

INSTITUTE FOR  
 INTERNATIONAL  
 MEDICINE

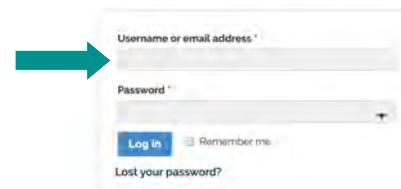

# How to Join the Conference Online

1. From the INMED homepage (www.inmed.us), Click "Login to INMED" in the upper right hand corner of the page.

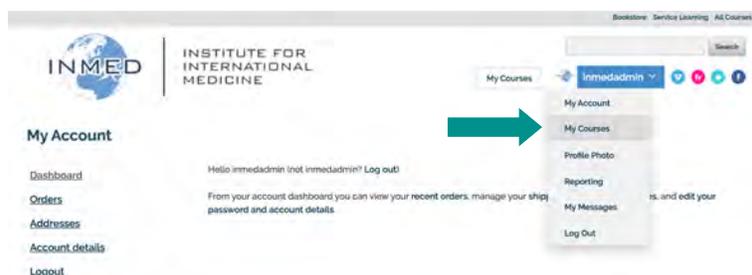

2. Sign in using the Username and Password sent to you via email (entitled "How to Participate in HHC Virtual Event"). Be sure to check your junk mail folder.

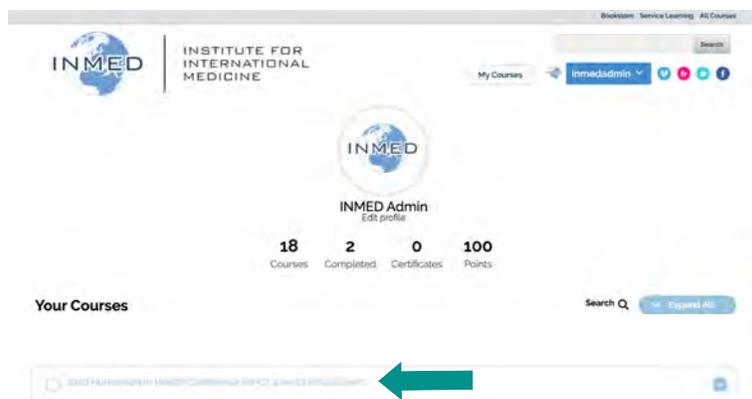

If you can't find the email, you can use the "Lost your password?" feature, just be sure to enter the same email you entered when you purchased your ticket.

3. After you are signed in, hover over your name in the upper right hand corner. Click on "My Courses."

4. "2020 Humanitarian Health Conference (HHC) June 12 Virtual Event" should appear under "Your Courses." Click this title to view the event.

5. Please read the instructions carefully and click the "Introduction and How to Participate" video at 10:00 am. Enjoy the conference!

# Conference Schedule

Friday, June 12, 2020 9:45 am - 3:00 pm

Three topics are offered during each breakout session. You will need to select the session you most want to attend when logged into the live event. You will be able to watch the other topics following the live event (until June 21, 2020).

9:45 am

- *Global Health Ethics* by Richard Butin (Community Health) + Panel Discussion
- *Principles of Medicine Triage & Patient Surge* by Charles Inboriboon (Patient Care) + Panel Discussion
- *Cross-Cultural Healthcare Skills* by Antoinette Brown & Judy LeMaster (Career Development) + Panel Discussion

1:40-2:20 pm  
Breakout Session 4

- *Maternal-Newborn HIV Prevention & Care* by Brad Gautney (Community Health) + Panel Discussion
- *Management of Respiratory Distress* by Douglas Hagen (Patient Care) + Panel Discussion
- *Global Pandemic Control* by Nicholas Comninellis (Career Development) + Panel Discussion

2:20-2:25 pm  
What Is INMED?

2:25-2:55 pm  
Plenary Session 2 "*Equip, Connect, Go*" by Brad Gautney

2:55-3:00 pm  
Conclusion and Next Steps

All conference activities and education are focused on working in limited-resource settings.

# About INMED

The Institute for International Medicine (INMED) exists to equip healthcare professionals & students with the unique skills necessary to effectively serve the world's most forgotten people. We are a global health training center that offers didactic instruction in the full range of global health topics via online, hybrid, and in-classroom courses. We also complement such instruction with supervised service-learning experiences for healthcare students and professionals at INMED Training Sites in low-resource countries.

## Professional Certificate Courses

INMED Professional Certificate courses are now able to be completed *entirely online!* Each is fully accredited with CME. INMED currently offers these up-to-date, comprehensive courses:

- Professional Certificate Course in International Medicine & Public Health
- Professional Certificate Course in International Nursing & Public Health
- Professional Certificate Course in International Public Health
- Professional Certificate Course in Ultrasound for Primary Care
- Professional Certificate Course in Helping Babies Breathe (HBB)
- Professional Certificate Course in Advanced Mother Baby Outcomes (AMBO)
- Professional Certificate Courses in Epidemiology - *Coming Soon!*

## Professional Diploma Programs

INMED Professional Diploma Programs combine a Professional Certificate Course with a supervised service learning experience at an INMED Training Site. Recipients of an INMED Professional Diploma will be prepared to lead comprehensive health promotion efforts in low-resource and cross-cultural contexts.

- Professional Diploma in International Medicine & Public Health (DIMPH)
- Professional Diploma in International Nursing & Public Health (DINPH)
- Professional Diploma in International Public Health (DIPH)

*Visit the Prospective Learners page at [inmed.us/prospective-learners/](https://www.inmed.us/prospective-learners/) to find the right track for you!*

## Professional Masters Degree in International Health (MIH)

This unique, 32-credit hour degree is distinctly focused on mobilizing and equipping healthcare professionals on behalf of marginalized people, emphasizing special skills in diseases of poverty, maternal newborn health, international public health, cross cultural skills, disaster management, health leadership, and healthcare education. Designed to be affordable, interesting, and relevant, for more information visit: <https://www.inmed.us/masters/mih/>

## Continuing Education and Joint Providership

The Institute for International Medicine (INMED) itself delivers a variety of accredited continuing medical educational (CME) activities that provide *AMA PRA Category 1 Credits™*. INMED also provides joint providership to accredit CME activities that are hosted by other institutions. In this context, INMED is dedicated to facilitating innovative medical education that promotes evidence-based change, professional development, and improved patient outcomes.

## 101. Agape Unlimited

David DeShan  
www.agapeunlimited.org  
[davidd@agapeunlimited.org](mailto:davidd@agapeunlimited.org)  
(432) 352-4390

Working in Russia, AGAPE Unlimited's work can be summarized with four simple words: Going - where no one wants to go; Helping - those no one cares about; Sharing - God's Love with everyone; and Teaching - others to do the same. Through these four words, Agape seeks to promote all aspects of health, particularly to the least among us. Agape always partners with like-minded local churches.

## 102. Docs Who Care

Flora Kayakone  
docswhocare.com  
fkayakone@docswhocare.com  
(913) 397-7800

Docs Who Care partners with critical access hospitals, physicians, and advanced practice providers to provide emergency department staffing, as well as inpatient and clinic coverage throughout KS, MO, IA, NE, CO, WA and several Midwest states. With over 25 years of experience, Docs Who Care's highly successful practice model, creates stability, freedom and flexibility for its partners.

## 103. Higgins Brothers Surgicenter for Hope

Rebecca Shields  
higginsbrothersurgicenter.org  
rebeccashields490@gmail.com  
(816) 8304179

As a resident physician, Dr. Ted Higgins served a three-month surgical elective at Hospital Albert Schweitzer in Haiti where he was mentored by Dr. William Larimer Mellon. The experience proved pivotal for Dr. Higgins, the founder of the Higgins Brothers Surgicenter for Hope, located in Fonds-Parisien, Haiti. Their mission is to address the critical shortage of surgical facilities in Haiti, to train surgeons and medical staff through the volunteer efforts of surgeons and others, and to raise financial resources to develop a long-term solution.

## 104. Interserve USA

Mary Elliott  
interserveusa.org  
mary.elliott@interserveusa.org  
(610) 352-0581

Interserve is a community of Christian professionals. We use our skills creatively and intentionally to serve marginalized peoples in Asia and the Arab world. We long to see lives and communities transformed through an encounter with Jesus and invest ourselves in humanitarian and capacity-building work. Our history in healthcare allows us to provide mentored internships for healthcare students.

## 105. Heart to Heart International

Nachelle Kaughman  
www.hearttoheart.org  
nachelle.kaughman@hearttoheart.org  
(913) 7645200

Heart to Heart International strengthens communities through improving health access, providing humanitarian development and administering crisis relief worldwide. We engage volunteers, collaborate with partners and deploy resources to achieve this mission.

## 106. George Faile Foundation

Paul Shumpert  
www.failefoundation.org  
shumpert1363@gmail.com  
(770) 324-7402

The George Faile Foundation supports the Baptist Medical Centre (BMC) in NE Ghana. Named after its primary founder, we provide BMC with medical equipment and supplies, staff physician sponsorship, scholarships for student and resident volunteers, management of a volunteer guesthouse, and other general support. We ask for your prayers that BMC serves to God's glory.

## 107. Blessings International

Laura Berry  
www.blessing.org  
lberry@blessing.org  
(918) 250-8101

Our mission is to heal the hurting, build healthy communities, and transform lives. We accomplish this mission by serving as a source of pharmaceuticals, vitamins, and medical supplies for in-country clinics and hospitals as well as through medical mission trips.

## 108. Wheaton College Graduate School

Wanchen Villegas  
www.wheaton.edu/graduate-school/  
wanchen.villegas@wheaton.edu  
(630) 752-5984

The Wheaton College Graduate School offers 20+ programs in psychology, ministry, and theology designed to build the church and benefit society worldwide. Our M.A. in Humanitarian and Disaster Leadership and 9-credit Trauma Certificate equip humanitarian health and relief leaders to address the challenges affecting the most marginalized in today's world.

# 2020 Awards

Professionals who serve forgotten people inspire their colleagues toward similar service. INMED is pleased to celebrate this tradition by announcing the recipients of the 2020 INMED Awards at the Humanitarian Health Conference.

## ***INMED Comninellis Award for Compassionate Service to Humanity***

### **James Fyffe, RN, MSN and Family**

The 2020 Comninellis Award For Compassionate Service To Humanity recipient is James Fyffe and Family. James is a native of Lee's Summit, Missouri. He lived several years in El Salvador, Central America, serving as a youth pastor. James completed nursing school at St. Luke's College of Health Sciences and also earned a master's degree in nursing education. In 2014 at the Humanitarian Health Conference James met personnel from Bach Christian Hospital in Pakistan. The following year, he and wife Rosie, along with their three children, moved to Pakistan where James taught nursing school through 2019 and completed his INMED International Medicine Fellowship. James often speaks of his desire to combine healthcare, his faith, and his

Spanish and Urdu language abilities to make a spiritual and physical impact among people in need. Says James, "I love the opportunity to serve and help others, and INMED has given me the chance to use my talents, abilities and education to do just that."

## ***INMED International Medicine Award***

### **Jeff Colyer, MD**

The 2020 INMED International Medicine Award recipient is Jeff Colyer. A plastic surgeon and the 47th Governor of Kansas, Dr. Colyer's international service experience has been both executive and front lines. As a White House Fellow, he worked in international development, including relations with the Soviet Union and additional roles at Cambridge University and the Uniformed Services University of the Health Sciences. And since 1986, Dr. Colyer served with International Medical Corps in numerous warzones, including Rwanda, Libya, Rwanda, Sierra Leone, Iraq, and Kosovo. He also set up surgical clinics for Afghan freedom fighters during their war with the Soviet Union. Writes Dr. Colyer, "We were training Afghan medics on the Pakistan side of the border. It was kind of the first, really big training program. We literally were writing the curriculum while we were there."

# 2020 Awards

## ***INMED International Healthcare Preceptor Award***

**Gatum Desai, DO, FACOFP**

The 2020 INMED International Healthcare Preceptor Award recipient is Gatum Desai. A professor in the Department of Family & Community Medicine at Kansas City University (KCU), Dr. Desai oversees the Honors Track in Global Medicine. Since 2001, he has been mentoring KCU learners at locations around the globe including Guatemala, while in closer to home serving at Kansas City Free Health Clinic. On a higher level, Dr. Desai has applied his experience as President of DOCARE International, a non-profit medical outreach program that brings health care to isolated people in Guatemala, Peru, India, Malawi, and Nicaragua. His recognitions include the DOCARE International Robert A. Klobnak Award for service, the Ingram's Magazine Heroes in Healthcare Award for volunteerism, but most importantly the sincere respect and gratitude of KCU students.

## ***INMED Cross-Cultural Healthcare Service Award***

**Kimberly Connelly, MA**

The 2020 INMED Cross-Cultural Healthcare Leadership Award recipient is Kimberly Connelly. A native of Kansas City, Kimberly Connelly's formal education prepared her well for her current role. At university, she studied international relations, French, and earned a Master's degree in TOESL - Teachers of English to Speakers of Other Languages. Since 2013, she has served at Kansas University Medical Center (KUMC) - known worldwide as a hub for research and innovation, and also renowned for its Office of International Programs. Under the directorship of Kimberly Connelly, the office offers inbound opportunities for international researchers and clinicians at KUMC, and international educational experiences for KUMC faculty and students. Among the most visible of these international partnerships is with Vellore Christian Medical College in India, best known for physical and occupational therapy opportunities, and with Gulu University in Uganda, best known for teaching newborn resuscitation and for nursing education.

## ***INMED National Healthcare Service Award***

**Glen Talboy, MD**

The 2020 INMED National Healthcare Service Award recipient is Glenn Talboy. Professor at the University of Missouri-Kansas City School of Medicine and Chairman of Surgery at Truman Medical Center, Dr. Talboy has been a tireless advocate for lower income citizens of the Kansas City metro area. In the realm of research, he has lead advances in breast cancer for Hispanic patients. In the field of resident physician education, he's provided insight into the profound changes taking place with new work hour rules. And regarding the surgical profession as a whole, Dr. Talboy has addressed the problems of burn out and erosion of procedural privileges experienced by surgeons around the nation, which often result in a shortage of general surgeons, especially in rural areas.

# 2020 Awards

## *INMED Humanitarian Crisis Response Award*

### **Charles Inboriboon, MD, MPH**

The 2020 INMED Humanitarian Crisis Response Award recipient is Charles Inboriboon. He completed a University of Rochester International Medicine Fellowship and was a Fulbright Scholar Award Thailand. Today, Dr Inboriboon is an Associate Professor at the University of Missouri-Kansas City School of Medicine and Associate Residency Program Director for Emergency Medicine at Truman Medical Center. Dr. Inboriboon leads the international emergency medicine tract which provides observerships for emergency medicine physicians from Thailand, and prepares and sends US emergency medicine resident physicians to train and serve in other nations. He has collaborated to develop emergency medicine services in Laos, and to increase emergency medicine residency training capability at Chiang Mai University in Thailand. Dr. Inboriboon himself continues his own service in nations including Thailand, India, Haiti, Kosovo, and Nicaragua.

# Conference Speakers

## **Antoinette Brown, RN, DINPH,**

Ms. Brown served at Emmanuel Hospital Association in northeast India. She has served as a nurse for 20 years in varying capacities; today she is a post-procedure recovery nurse at Kansas City's Saint Luke's Hospital and an INMED continuing education coordinator.

## **Richard Butin, MD,**

Dr. Butin is an Associate Professor at the University of Missouri-Kansas City School of Medicine and practices at Truman Medical Center. Dr. Butin's specialties include internal medicine, hospice and palliative care.

## **Jeff Colyer, MD,**

Dr. Colyer practices surgery in Kansas City and was the 47th KS Governor. He has worked in dozens of warzones including Rwanda, Afghanistan, and Libya. He's managed multiple companies, government organizations, and international projects. He's held appointments at Georgetown, KU, UMKC, and USUHS. He earned a master's degree in international relations from Cambridge University, was a White House fellow in international development, and serves with the International Medical Corps.

## **Nicholas Comninellis, MD, MPH, DIMPH**

Dr. Comninellis is President of INMED and board certified in both public health and family medicine. Nicholas trained in tropical medicine at the Walter Reed Army Institute of Research, and served four years in Shanghai, China, and Angola, Africa. Today he teaches public health at the University of Missouri-Kansas City.

## **Kimberly Connelly, MA,**

Ms. Connelly is Senior International Programs Officer at the Kansas University Office of International Programs, coordinating study and service for both internationals coming to KUMC, and KUMC personnel traveling abroad.

## **Gautam J. Desai, DO, FACOFP,**

Dr. Desai is Professor, Department of Family Medicine, at Kansas City University. He directs KCU's Honors Track in Global Medicine, as well as the Global Health Program, which has sponsored Global Health Outreach over 20 years. He is a Past President of DOCARE International, NFP.

## **Beth Frazier, DPT,**

Ms. Frazier is an outpatient physical therapist in Columbia, Missouri. She has a background in orthopedics, scoliosis treatment, women's health conditions, and pediatric and neonatal care. With an interest in vulnerable patient populations, her passion is helping those with poor access to healthcare find mobility and independence. Beth served at Galmi Hospital in the Sahara Desert nation of Niger, West Africa.

## **James Fyffe, RN, MSN,**

Mr. Fyffe began his career as a youth pastor in El Salvador, later serving in nursing at Saint Luke's Hospital and North Kansas City Hospital. In 2015, James moved his family to central Asia where he taught nursing for 4 years.

# Conference Speakers

## **Brad Gautney, APRN, MPH,**

Mr. Gautney is the President of Global Health Innovations and is board-certified as a pediatric Nurse Practitioner and public health specialist. Brad graduated from Johns Hopkins Bloomberg School of Public Health. He lived four years in Haiti, pioneering low-resource HIV care, and for the past 18 years has worked with governments in Africa implementing innovative interventions to reach those impacted by the HIV/AIDS epidemic.

## **Daniel Hinthorn, MD,**

Dr. Hinthorn is a Professor of Medicine and Director of Infectious Diseases at Kansas University Medical Center. He also serves on the CDC Epidemic Intelligence Service and researches antiviral agents.

## **Charles Inboriboon, MD, MPH,**

Dr. Inboriboon is an emergency medicine physician and an associate professor of emergency medicine at the University of Missouri Kansas City. He is active in international emergency medicine development and education. He has worked abroad on projects in Thailand, Laos, Mongolia, India, Haiti, Nicaragua, and Kosovo.

## **Joe LeMaster, MD, MPH,**

Dr. LeMaster is professor of family and community medicine at Kansas University Medical Center, and Medical Director of the Johnson County Kansas Public Health Department. He has worked in international medicine and public health for over 30 years.

## **Judy LeMaster, RN,**

Ms. LeMaster was raised in London, England and educated at Westminster Hospital and the Liverpool School of Tropical Medicine. Skilled in midwifery and fluent in Nepali, Judy and her husband Joe spent 15 years in Nepal working with underserved populations. Today, they live in Kansas City, and serve a population of Nepali Bhutanese refugees in their neighborhood.

## **Teresa May-Terrink, PT, MPH,**

Ms. May-Terrink is an Adjunct Professor at Rockhurst University and served in physical therapy for two years with the Peace Corps in southern Africa.

## **Sean Mark, MD, DIMPH,**

Dr. Mark is a senior emergency medicine resident physician at Truman Medical Center and the University of Missouri-Kansas City. He and his wife Kirsten has passion to demonstrate the compassion of Jesus by serving the forgotten. He has served with INMED in Honduras at Clinica Esperanza and taught for INMED in China.

## **Glen Talboy, MD,**

Dr. Talboy is Professor of Surgery at the University of Missouri-Kansas City School of Medicine and Chairman Department of Surgery at Truman Medical Center. He has been an Advanced Trauma Life Support Instructor and trauma surgeon for over 20 years.

# Agape Unlimited

Join us in serving the medically underserved in Moscow, Russia!

# Baptist Medical Centre

*Bringing medical care & Christ's love to Ghana!*

BMC is a 123 bed hospital whose reputation brings people from all over Ghana and the surrounding West African countries.

Volunteer surgeons are in constant demand at the hospital which has two fully-functioning ORs.

Koko Duu is BMC's nutritional rehabilitation center that treats malnourished children and provides health education to the mothers.

Baptist Medical Centre is located in Nalerigu, a small town in Ghana's Northern Region.

BMC is supported by the George Faile Foundation.

[www.failefoundation.org](http://www.failefoundation.org)

## OUR MISSION

The mission of the Higgins Brothers Surgicenter for Hope is to address the critical shortage of surgical facilities and trained surgeons in Haiti through the volunteer efforts of surgeons and others, and by raising financial resources to develop a long-term solution.

### EDUCATION

Receiving an education in Haiti is a coveted privilege. Higgins Brothers SurgiCenter is working with chief surgical residents from General Hospital in Port-au-Prince providing an operating room setting for learning general, vascular, obstetric, gynecological and urological surgical techniques and procedures to enhance their skillsets.

### SURGICAL

The Higgins Brothers Surgicenter for Hope serves a population of 80,000 people who have very few options for surgical care. We provide 24-hour, 7-day-a-week surgical care at our facility. We are developing a Haitian surgical staff that can fully accommodate the surgical needs in Haiti.

## The Surgicenter covers the following needs:

- 24-hour Emergency Service
- Obstetric & General surgical emergencies
- Elective General/Vascular surgeries & OB/GYN cases
- Urology, hernia & hydrocele repairs
- Teaching and training hub for future Haitian surgeons

## Accreditation Statement:

Institute for International Medicine is accredited by the Missouri State Medical Association to provide continuing medical education for physicians.

The Institute for International Medicine designates this other activity (blended: internet enduring and internet live) for a maximum of 8 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## Desirable Physician Attributes:

ACGME/ABMS: Patient Care & Procedural Skills; Medical Knowledge; Interpersonal and Communication Skills; Professionalism

IOM: Provide Patient-Centered Care; Work in Interdisciplinary Teams; Employ Evidence-Based Practice

IEC: Value/Ethics for Interprofessional Practice; Roles/Responsibilities; Interprofessional Communication; Teams and Teamwork

## Maintenance Of Certification

### ABIM

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 7 MOC knowledge points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

### ABP

Successful completion of this CME activity, which includes participation in the activity and individual assessment of and feedback to the learner, enables the learner to earn up to 7 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABP MOC credit.

Physicians may participate in both the live and recorded breakout sessions that they have not attended after the conference for a maximum of 8 hours of CME.

# Continuing Education

## Continuing Nursing Education

This activity will be hosted live on June 12, 2020 and provided as an enduring material from June 13 – June 20. Registration provides the learner with access to both the live and enduring activity. Nurses can earn a maximum of 8 contact hours.

Nurse Accreditation Statement for June 12, 2020

Saint Luke's Health System is approved as a provider of nursing continuing professional development by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Contact hours: 4.0

Nurse Accreditation Statement for enduring material.

Saint Luke's Health System is approved as a provider of nursing continuing professional development by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Contact hours: 8.0

**No commercial support received. No relevant financial relationships with ACCME – defined commercial interests for anyone who was in control of the content of this activity.**

**There is no conflict of interest for anyone with the ability to control the content of this activity.**

**Successful completion of this activity requires:**

Register, sign-in, and attend activity during the designated time(s). The activity will be available for 7 days, after June 12.

Participation through discussion, questions.

Complete and submit conference evaluation and credit claims form.

Faculty

Planning committee members, faculty, staff, peer reviewers, and other individuals who are in a position to control the content of this activity are required to disclose all financial relationships with commercial interests. All conflicts of interest that are identified are vetted and resolved through a resolution process to ensure the content is fair and balanced. Disclosures will be provided in the educational materials.

## Global Objectives

Review historic and current preventative and management approaches to pandemics.

Discuss humanitarian health relief during times of disease or conflict surge.

Analyze public health response to COVID-19.

Lists the principles of trauma triage & mass casualty.

Summarize international educational experience and learner safety standards.

Discuss the personal and professional cost of serving those most in need.

Review current infectious disease epidemic trends and management.

Summarize implementation of therapy for disabilities in low-resource settings.

Discuss global health ethics during a pandemic.

Analyze best practices of triage and patient surge.

Outline cross-cultural healthcare skills needed to provide competent healthcare.

Critique historical and current global pandemic control management.

Explain current evidence-based maternal-newborn HIV prevention and care.

Restate management strategies for respiratory distress.

Nurses must attend all of the activity on June 12 to receive the 4 live contact hours. To receive the additional 4 enduring contact hours, you must participate in the prerecorded breakout sessions available June 13 – 20, 2020.

Successful completion of continuing education for both physicians and nurses requires you to register, participate in the activity, complete the evaluation and credit claims form by midnight on July 12, 2020.

We would like to extend  
**our heartfelt thanks**  
**to Graceway**

for recording the 2020 HHC  
speaker presentations and  
helping make this virtual  
conference possible!

*Graceway has generously  
hosted the HHC since 2013*
