

INMED - The Institute for International Medicine

Testimonials from INMED's Students

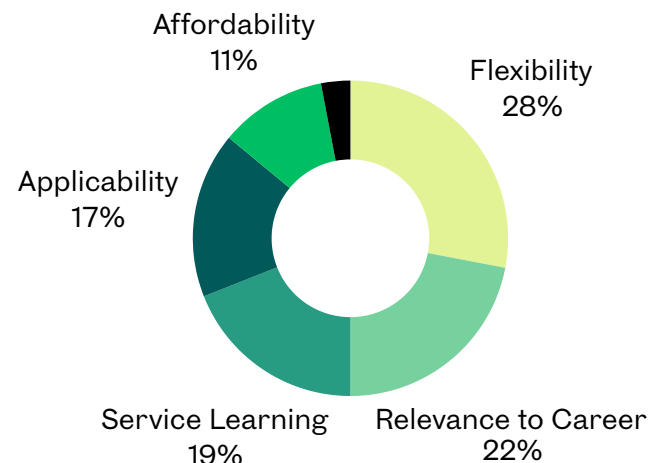

"INMED has solidified my passion for marginalized populations and equipped me to care for patients more effectively going forward." - MIH Student

"This has been an amazing program. It has reinforced my desire to work in low-resource settings and given me new vision on how to do it well." - MIH Student

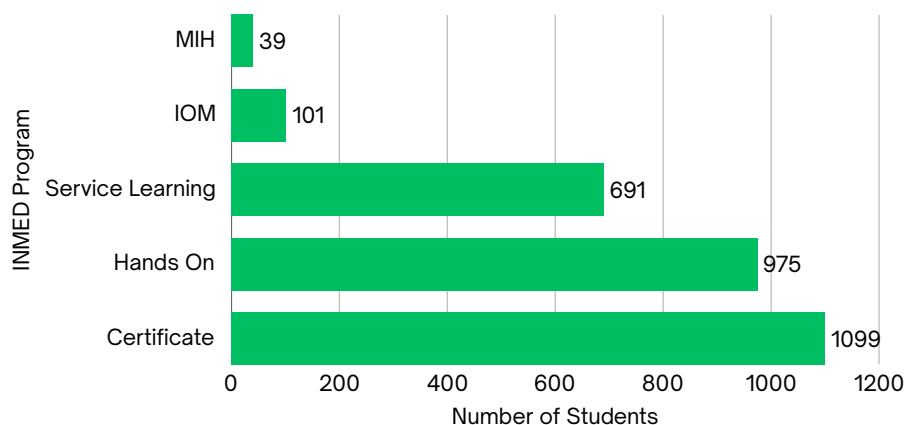

"The service learning experience has been one of the most rewarding experiences I have ever had during my entire healthcare career. I am so thankful to have felt like a part of the community." - Diploma Student

"Aside from the birth of my children and my marriage, this was the most profound experience of my life. Glad I did not live without this experience. The most joy and fulfillment as a physician in over 25 years, maybe ever in 35 years of clinic practice." - Diploma Student

Our Mission: Equipping Healthcare Professionals and Students to Serve the Forgotten

1

Great Need

Forgotten and underserved individuals exist in every nation. Many lack basic medical care and public health.

2

Desire to Serve

Healthcare professionals and students want to personally take action, but feel unprepared for the unique challenges of serving in low-resource, cross-cultural communities.

3

Equipping at INMED

Education in Core International Health Subjects

- Graduate Certificate Courses
- Academic Credit Courses
- Short Self-Paced Courses
- Continuing Medical Education (CME)

Experience

- Service-Learning Rotations in 33 Nations

Certification/Credentials

- Master's Degree in International Health (MIH)
- Graduate Diplomas in International Medicine, Nursing, and Public Health
- Earn credentials MIH, DIMPH, DINPH, or DIPH

Connections

- Annual Humanitarian Health Conference (Equip, Connect, Go!)

4

Outcomes

All over the world, INMED's graduates are leading disease intervention and health promotion efforts. Data demonstrates that INMED graduates are 2-3 times more likely compared to their peers to serve the forgotten.
